

# Housing and Design - Survey Results

1. How important is it to you, on a scale of 1-5 that the Neighbourhood Development Plan should seek to:

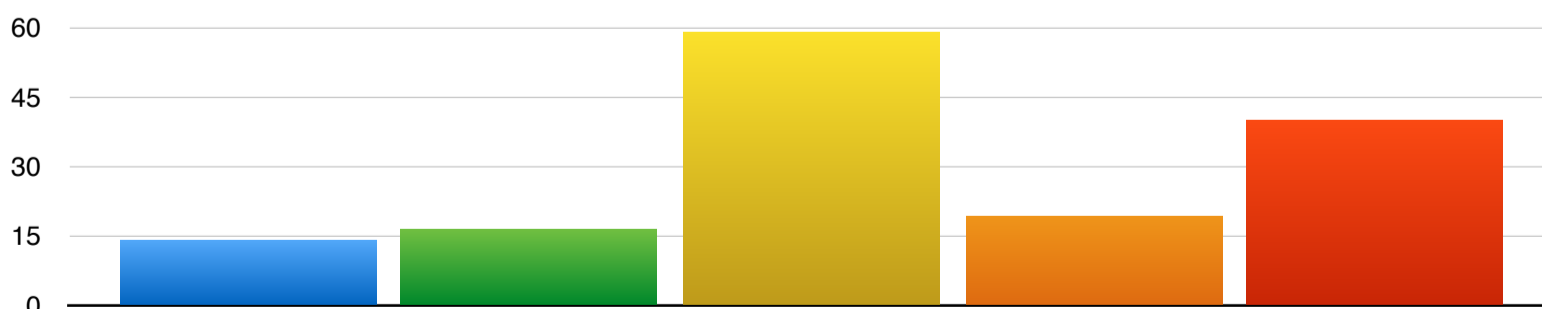

- Preserve local character, buildings and features
- Maintain gaps between our village and other settlements
- Support small scale development to meet local housing needs
- Ensure all developments exceed required energy efficiency standards where possible
- Ensure development is sustainable
- Enforce design standards and reinforce character of the village

2. How important is it to you, on a scale of 1-5 that the following should be included in any future development within the Parish?

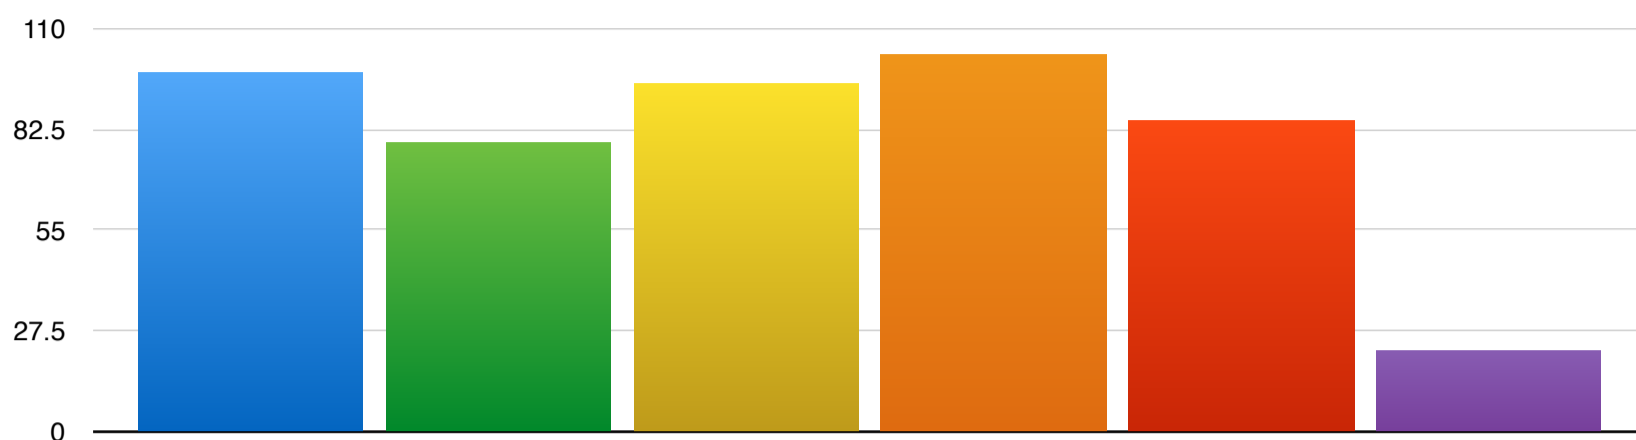

- New affordable starter homes for people from the parish
- Suitable and affordable housing for elderly people from the parish

3. If new homes are to be built, where would you suggest is the best location?

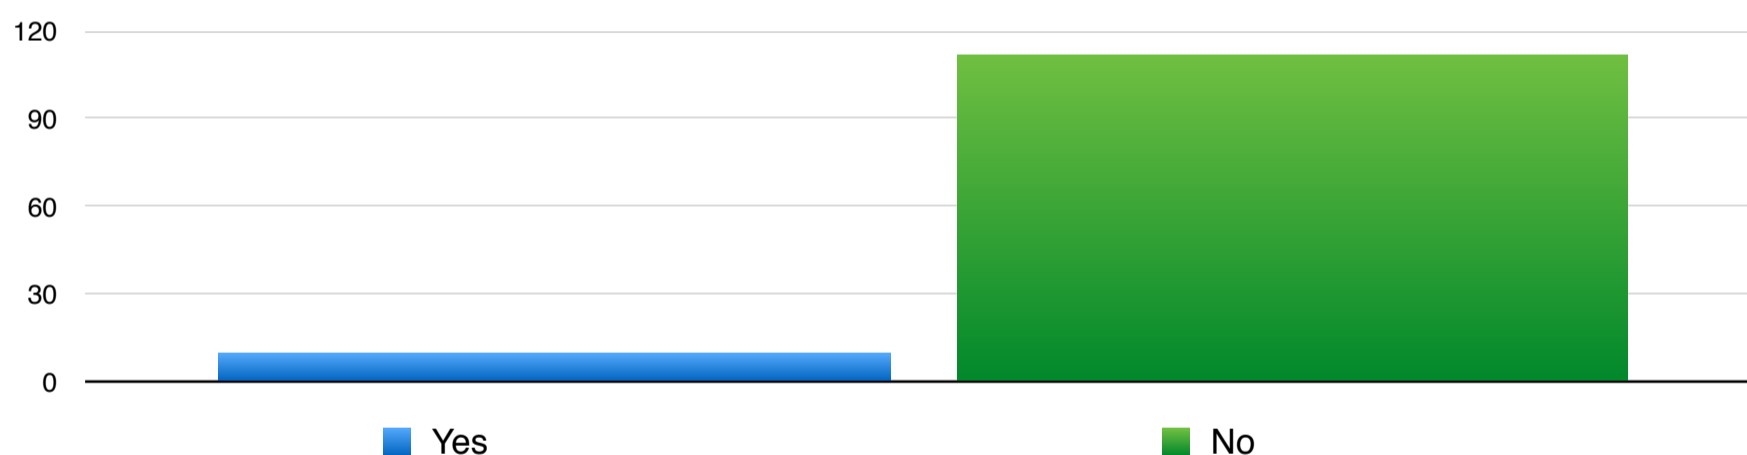

- Infill between existing houses
- Behind existing houses, on gardens or adjacent fields
- On brownfield sites (sites not currently in residential use)
- Outside the boundary of the current built up area
- No new homes

**4. If new homes are to be built, are there any special considerations that should be borne in mind given the rural location?**

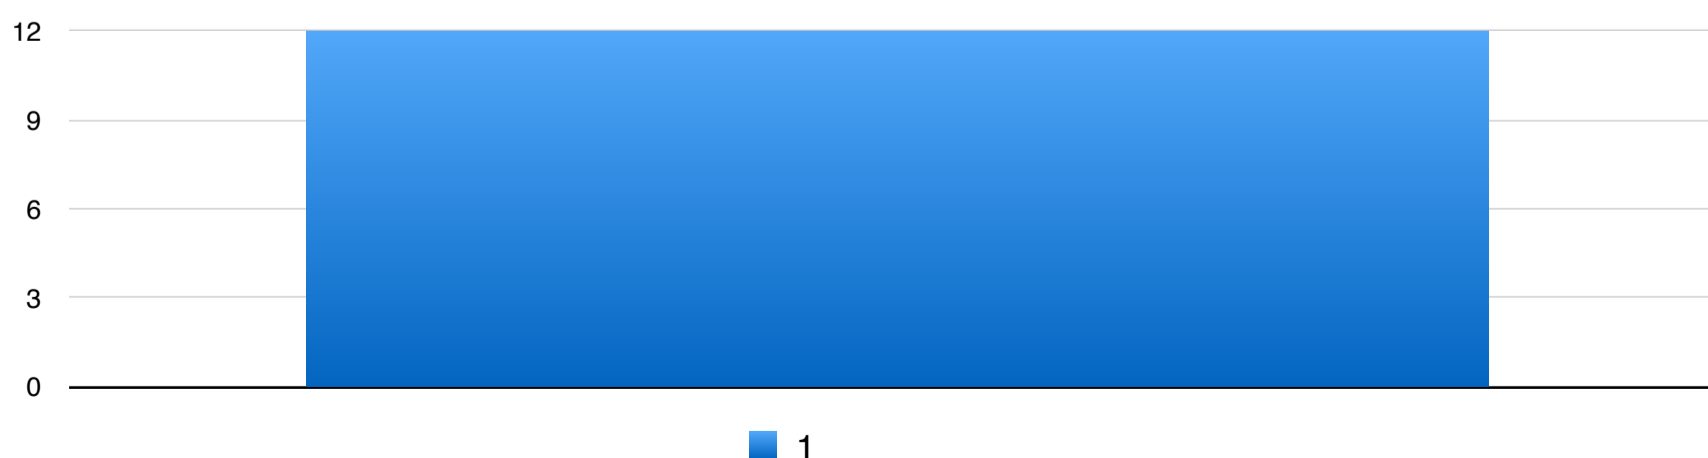

- Size should be in keeping with surrounding buildings
- Open space and gardens should be included
- Style and materials should be in keeping with surrounding buildings
- Off-street parking should be provided
- Safe access onto The Street/Clapham Common
- Self-build should be encouraged

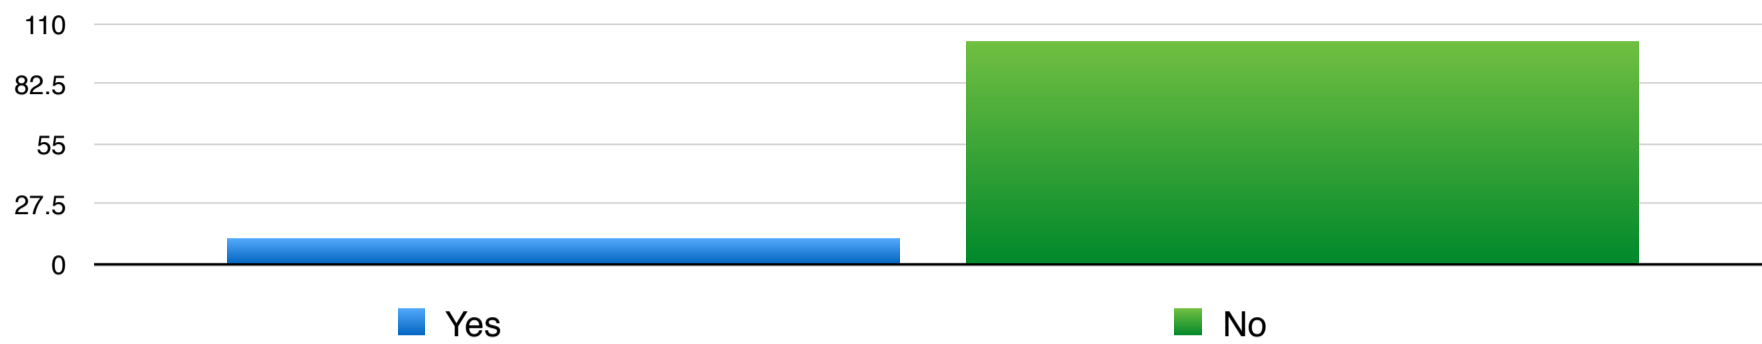

**5. Are there any adults living in the property who need, but currently cannot obtain, their own home in Clapham parish?**

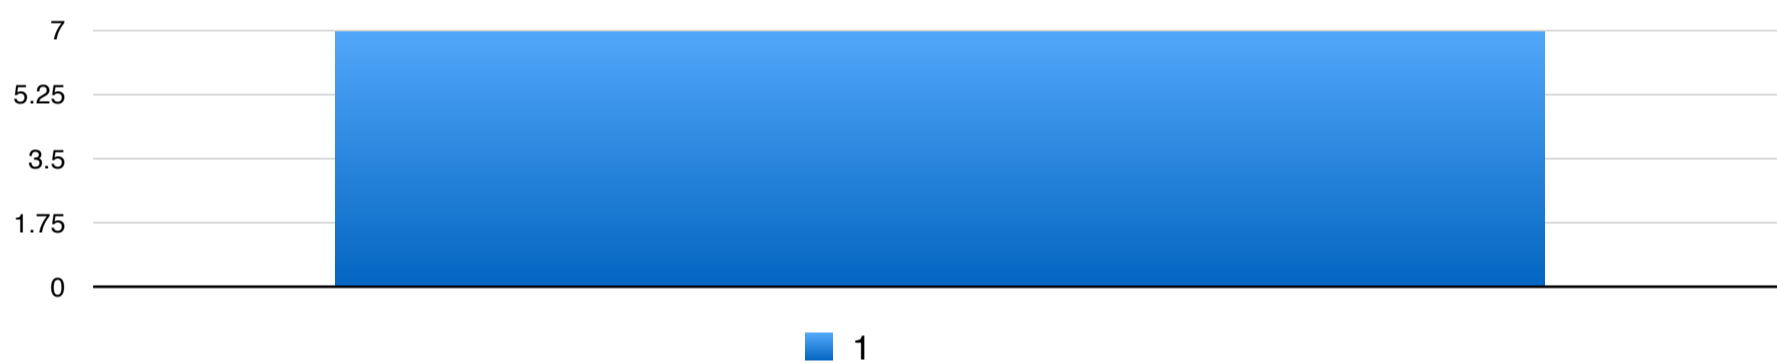

**6. If yes, how many people are in this situation?**

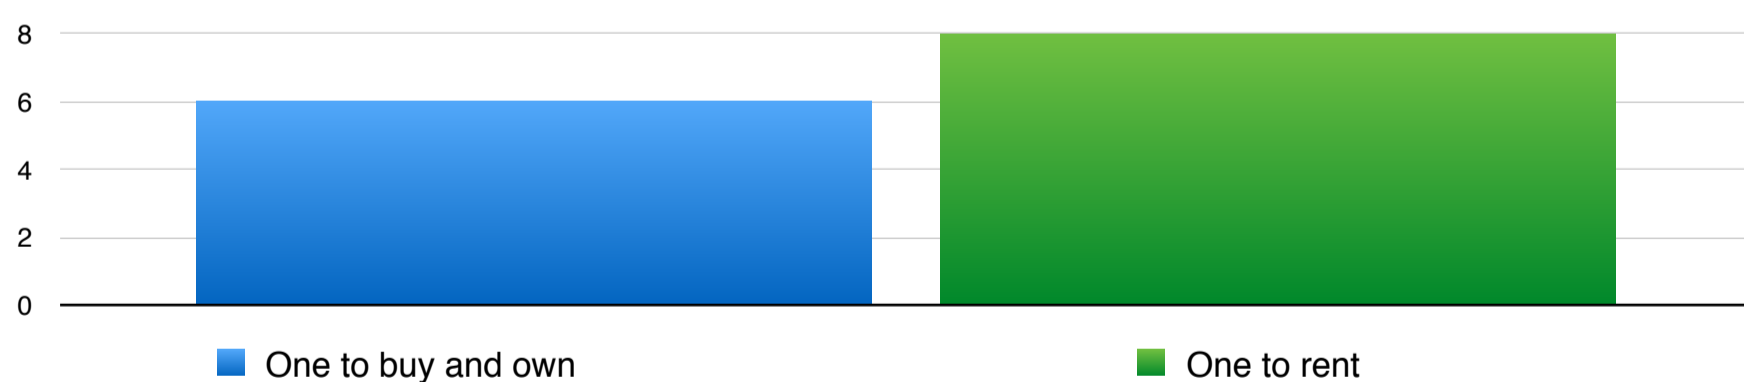

**7. Is there anyone in the property who doesn't currently need their own home but is likely to want one in Clapham parish in the next five years? (e.g. a teenager who may leave home)**

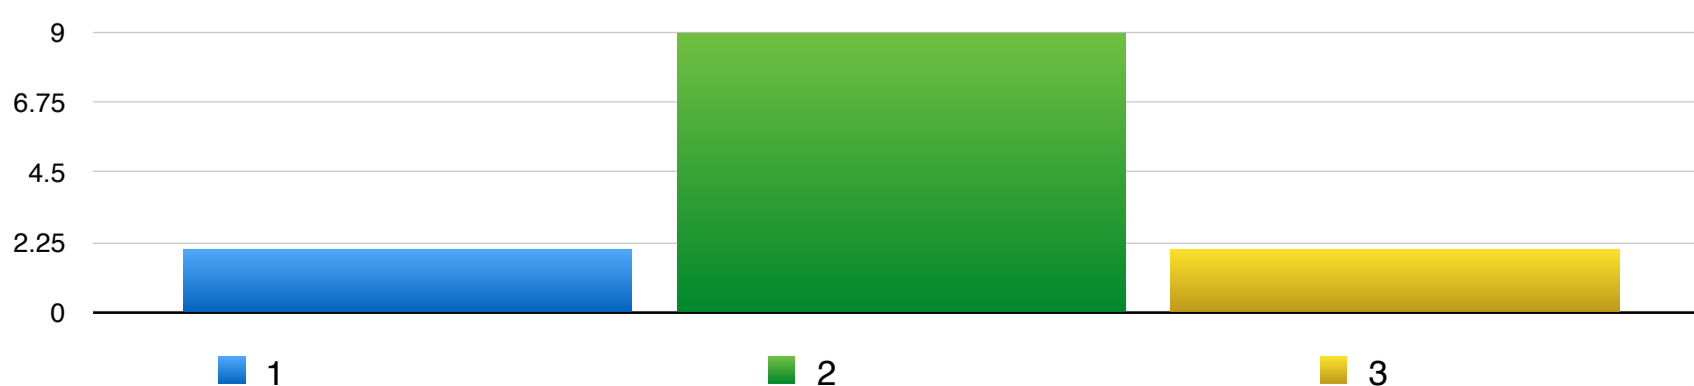

**8. If yes, how many people are in this situation?**

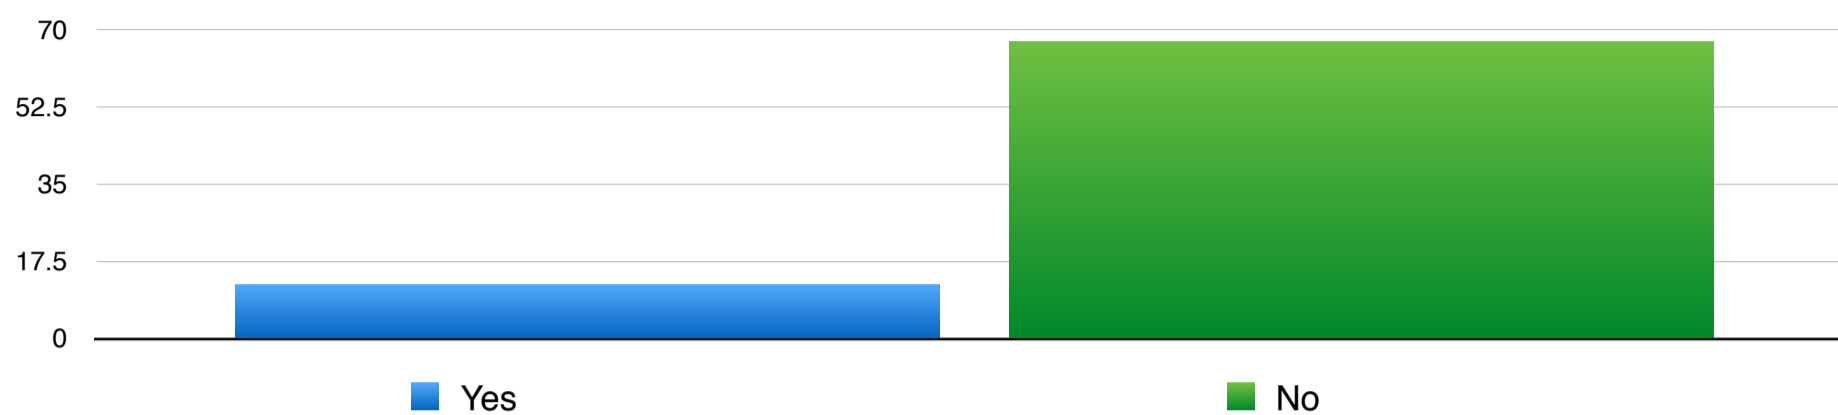

**9. What type of property would they require?**

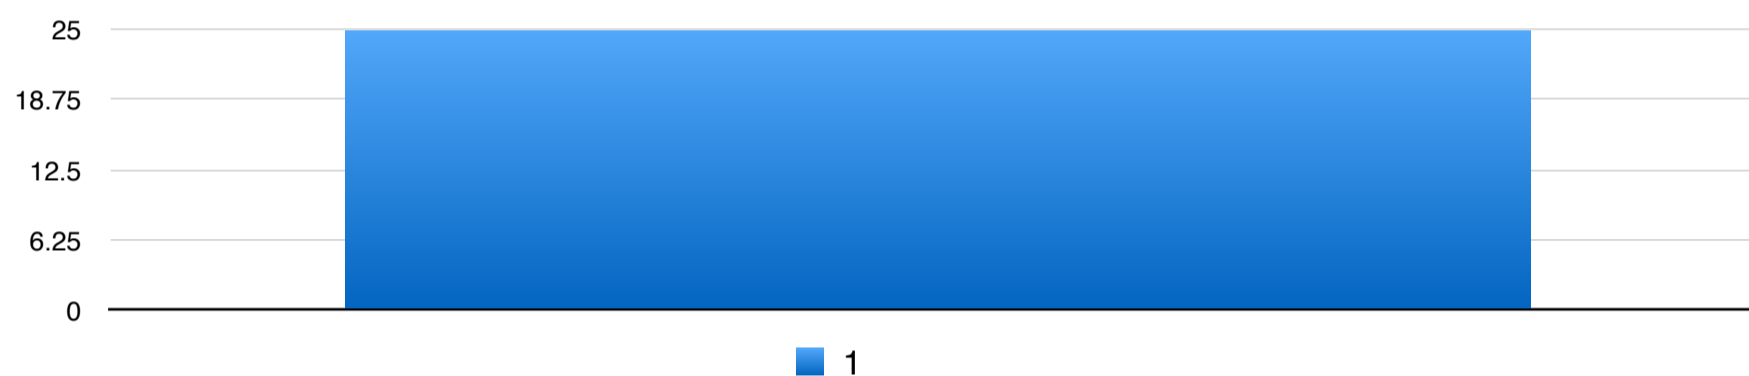

**10. How many bedrooms would they ideally need?**

**11. Is there anyone in the property who is likely to need more manageable or sheltered accommodation in the next five years? (e.g. an elderly person for whom the house may become too much)**

**12. How many people are in this situation?**

**13. What type of property would they require?**
